Dear Mitchel,

It has been over one year since we purchased our Nortel Networks phone system. We have been very pleased with the product and I would highly recommend the system and your company to other organizations.

The installation of the equipment went very smoothly and your technical staff took the time to train our staff on the use of the new system. Everybody that we have dealt with at Delta Telephone and Cabling, Inc. has been very knowledgeable and professional. I have found that Delta's staff has been very accessible to me when necessary.

Once again, I would gladly recommend Delta Telephone and Cabling, Inc. to anyone who is in need of a new business phone system.

Sincerely,
