Dear Mitchel,

On behalf of US Civilian Research and Development foundation I would like to take this opportunity to thank you and your staff for the continuous and outstanding support. Every since you all have suggested Caviler to be our telephone provider, we have saved on average six to eight hundred dollars per month on our phone bill. In addition when ever we have a phone issue, your staff is always courteous and very prompt about getting the issue resolved. This has definitely been a positive experience for all of us over here and we look forward to doing business with you for a long time come.

Keep up the outstanding job!

Respectfully,

Darryl Simpson
